

KIM PAGE

Media Psychology Scholar • Author • Educator • Speaker

ABOUT

Kim Page is a media creator, author, educator, and media psychology scholar whose work explores the intersection of storytelling, psychology, artificial intelligence, misinformation, and public understanding. Through Page Media Group, she develops original content, educational programs, and media initiatives that help audiences navigate digital persuasion, AI-generated content, and trust in a changing information environment.

SPEAKING TOPICS

- Digital Reality: Media & AI Literacy for a Changing Information Environment
- Can You Trust What You See? Misinformation, AI & Synthetic Media
- Why We Believe What We Believe Online
- Think Before You Share: Practical Verification in the Age of AI
